

A blurred night photograph of a house with glowing windows and a field of purple flowers in the foreground. The house is in the background, slightly out of focus, with three windows on the ground floor and three on the second floor. The ground floor windows are brightly lit from within, casting a warm orange glow. The second floor windows are dark. The house has a dark roof and a small porch area. In the foreground, there is a field of purple flowers, possibly agnolids, with thin green stems and small, star-shaped blossoms. The overall scene is dimly lit, suggesting dusk or night.
